Weather

If inclement weather prevents us from having a scheduled class or workshop, we will post a cancellation recording on Center phone line two hours prior to the scheduled start time. Call (301) 952-1111 to determine if your class will be held. If a make up class is required due to weather, it will be scheduled within two weeks of the originally scheduled class date.

If the Prince Georges County schools are closed, you may reschedule your Private Lesson to be made up within 7-days following your lesson.
